MUSEUM OF APPLIED ARTS COLOGNE

**Partial Museum Closures
due to Refurbishment**
from 22 August 2017

Dear Visitors,

Starting in autumn 2017, the museum's 267 windows will be replaced. Work will be carried out during opening hours, meaning we will have to temporarily close departments or building wings. In order to avoid any inconveniences for you, we will make every effort to let you know about the closing times as early as possible. Please also refer to the latest monthly flyer or check our website (makk.de) for the latest updates.

Work will start in the **Design Department**, which is already **closed** and is scheduled to reopen again towards the end of May 2018. **On March 1, 2018**, we will close the main floor that houses the **Historical Collection**.

At no time will the museum be completely closed. We will continue to be there for you with special exhibitions such as **#alleskönnner. 150th ANNIVERSARY OF PETER BEHRENS' BIRTHDAY** (17 March – 1 July 2018) or **ANDY WARHOL – Pop goes Art** (1 September 2018 – 24 March 2019) and many other events.

We look forward to your visit!

As from: 12 January 2018
